XML Format – Instructions for Approval

Before you can begin filing Tobacco Tax returns using XML, a successful test file must first be submitted and approved by the Tobacco Tax Unit.
This process ensures your files meet all required formatting standards before live submission.

Steps to Obtain XML Filing Approval

Email your XML test file to:

📧 **Treas_TobaccoTaxes@michigan.gov**
Subject line: *XML test file*

Test File Review and Notification

The Special Taxes Division will review and process your test file.
You will be notified whether your submission was successful or if corrections are required.
Once your test file is successfully validated, your account will be updated to allow XML submissions for Tobacco Tax returns.
